Overview

We believe each of our students has a unique potential waiting to be unlocked. We unleash the unique potential in each student through quality education in a secure, inclusive environment. Our approach integrates the renowned Cambridge curriculum, modern teaching, and partnerships with reputable organizations. Graduating as confident, responsible, and reflective individuals, our learners are poised to impact society positively. We value strong community ties with parents, working together to nurture our children's growth as partners. At Sancta Maria, our driving force is our Latin motto, 'In Omnia Excellentia,' signifying 'Excellence in Everything'.

School and Community

Sancta Maria International School, part of the Saint Mary's Education Society founded in 1982, is a private, co-ed day school. Our student community reflects a truly global learning environment, with 57.7% of students from the USA, UK & Singapore, 19.2% from Bangalore, and 7.7% each from Mumbai/Pune, Chennai, and Delhi. We boast a faculty of 168 full-time educators, all possessing graduate degrees and teaching expertise in their respective subjects. We are linked to St. Mary's Junior and Senior Colleges, fostering a legacy of quality education.

Co-curricular Activities

We offer a broad and balanced school curriculum with co-curricular activities like the International Award for Young People, Model United Nations, House Competitions, community service (ISP Changemakers in association with our partner International Schools Partnership), and many more. Student's voice thrives through the elected Student Council and active participation in various committees like the Anti-Bullying Squad and the School Lunch Committee. Also, engage actively in clubs, including Sports (Football, Basketball, Volleyball, Badminton, Tennis, and Cricket), STEM, Economics, Literature, Debating, Photography, etc.

Inhouse Internship Opportunities:

At Sancta Maria, students benefit from unique in-house internships, including roles as Teaching Assistants, Library Interns, and Admission Interns. This provides a hands-on opportunity for students to actively engage in various aspects of the school environment contributing to their holistic growth.

At Sancta Maria, we do not have a school ranking or GPA system.
